

Boys Run Down Escaped Felon, Wanted By FBI

PAINESVILLE, Ohio (AP) — Running down one of the FBI's "10 most wanted" criminals was as dangerous a game of cops and robbers as has ever been played by a bunch of boys.

One of the dozen boys who pursued Alfred Oponowicz, a fugitive from arrests for counterfeiting and bank robbery, said they did it because, "It was a dead night anyway. We didn't have anything else to do."

That was Arthur Bryant, 16. He and other neighborhood youths had left a dance at a public recreation center Wednesday night and were headed home.

Wounded By Police

One of them, John Peacock, spotted Oponowicz, who had been shot twice the night before during a gun battle when he tried to escape from law officers. He was captured and escaped again, this time from a hospital. The fugitive had sworn he would never be taken alive.

Peacock saw part of the stranger's pistol and ran, yelling to his scattering friends. The boys thought it was a joke, at first. But, as they explained, it was a dull night, and if Peacock wanted to play television games they "might as well go along with a gag."

Then Bryant and part of the gang saw Oponowicz standing atop a railroad overpass a few blocks from the boys' homes.

"There was a train coming, and I could see him clear in the headlight," Bryant recalled.

Like "Combat Patrol"

"We knew who he was. We recognized him right off. Somebody yelled, 'Let's get him!'"

Oponowicz ran, the boys following from different angles. "It was kind of like I think a night combat patrol might be," said Arthur Dowdy, 17. "Like it looks on television, anyway."

The youths said they were not as frightened during the chase as they are now, in retrospect. "We would have fallen to the ground if had turned around and looked like he was starting to shoot," explained James Balford, 16. "Besides, we tried to stay behind trees. It was dark, and we were spread out."

Oponowicz finally was arrested when a neighbor called police, and the boys led them to their man. He surrendered meekly.

Would the boys do it again? "I guess so," said Bryant. "If there wasn't anything good on television."

Martial Law Rules Saigon After Bombing

SAIGON, South Viet Nam (AP)—The Vietnamese government ordered a battalion of paratroopers into Saigon today and extended martial law for another month to head off further trouble in the wake of the Christmas Eve bombing of a U. S. officers' hotel.

All armed forces in the capital were placed on maximum alert.

U. S. authorities put stringent new security measures into effect. Bomb squads opened all Christmas gift packages for patients at the U. S. Navy Hospital.

Special demolition teams roamed all 67 U. S. installations in Saigon in search of terrorist bombs as a precaution against a repetition of the Brink Hotel bombing that killed two Americans and injured 68 others. Less than a dozen of the injured Americans were still hospitalized.

Lt. Col. James R. Hagen of Oklahoma City, Okla., and a civilian, David M. Agnew of Winter Park, Fla., were killed when the bomb wrecked the first three floors of the seven-story building.

Some U. S. sources charged that a general laxity of security preceded the blast, presumably the work of the Communist Viet Cong. A U. S. spokesman said the explosives were smuggled into the compound in a motor vehicle.

Five-State Flood Leaves 40 Dead, 14,000 Homeless

Families Back At Guantanamo Base In Cuba

WASHINGTON (AP) — Military men and civilian employees assigned to the Guantanamo naval base in Cuba may bring their families with them — effective immediately.

The Navy said Friday that "effective immediately, U. S. military and civilian personnel ordered for duty to the naval base, Guantanamo bay, Cuba, may be accompanied by their dependents."

It had been disclosed earlier at Guantanamo that the United States was reversing its policy of gradually withdrawing American dependents from the base.

The change followed completion by the Navy of a plant which can convert 2.2 million gallons of salt water to fresh water each day, making the base self-sufficient. Last February Cuban Prime Minister Fidel Castro shut off Guantanamo's fresh water supply, forcing the Navy to bring in water by tanker until a large enough desalination plant could be completed.

Seven Perish In Auto Plunge

CUMMING, Ga. (AP) — The Rodgers and the Brown families left a hen cooking on a stove and set out for an orchard to get some apples to complete their Christmas dinner.

The hen was never eaten. Seven members of the two families died Christmas Day. Their station wagon, with John E. Brown, 24, at the wheel, smashed through a guard rail, crashed down a 30-foot embankment and plunged into Lake Lanier.

"I knew we were going too fast," said Billy Rodgers, 20. "If I recall, I asked him to slow down. A tire gave way and went spinning around. We hit the guard rail and went over."

"That's the last I remember until I came to the top of the water. My wife was struggling, and I started pulling her out; she can't swim."

Mrs. Rodgers, 21, said her daughter, Amanda Lee, 3, was playing with a doll she had been given for Christmas just before she died.

State Trooper H. G. Pope said Brown had been drinking. He and his wife, 24, were drowned. Also killed were three of their children, Thomas, 6; Brenda Sue, 4; and Joyce Ann, 1; and Billy Bradford Rodgers, 2.

Coast Guardsmen At St. Joseph Cited For Rescue

MILWAUKEE (AP) — The U. S. Coast Guard station at St. Joseph, Mich., has been cited for heroism by the National Smoke Eaters Club.

The station was honored for its rescue of six members of one family from a burning yacht in Lake Michigan last June 15.

The award, designated by a committee headed by Milwaukee Fire Chief James R. Moher, will be presented Jan. 28.

President Back On Budget Task

JOHNSON CITY, Tex. (AP) — President Johnson goes back to work on the federal budget today after a festive Christmas with his family.

The decisions still to be made include how much money will be asked for new programs in fields such as education and what the President has termed a "war on poverty."

Johnson will also have to decide whether to seek a pay raise for government civil service and postal workers.

Budget Director Kermit Gordon said earlier in the week that a series of conferences at the LBJ Ranch here had put the budget for the year starting July 1 "over the hump." Johnson has said he is trying to keep new federal spending below \$100 billion.

Like millions of other families, the Johnsons admired their gifts Friday, went to church services, visited with old friends and relatives and feasted on turkey.

With Johnson at the wheel of a station wagon, the presidential family drove the 15 miles to Fredericksburg for services at the new St. Barnabas Episcopal Church.

A SLOWLY RECEDING Willamette River eased the flood threat today for the Portland, Ore., business district, pictured in the background behind the seawall. A houseboat, logs and other debris are piled up against the Morrison Bridge pier. (AP Wirephoto)

Portland, Ore., Faces Threat Of High Winds

SAN FRANCISCO (AP) — A predicted windstorm posed a new threat to Portland, Ore., today as the flood-swollen Willamette River lapped near the top of its dikes.

The harbor patrol said the forecast of winds up to 45 miles an hour could raise havoc in the city.

The river subsided slightly during the night and emergency dikes held.

Rain Lets Up

Rain lessened or stopped in water-logged Northern California.

Clouds lifted to 3,000 feet and Civil Defense officials in hard-hit Humboldt County sent helicopters on rescue missions. Cleanup operations increased as the weather outlook brightened.

The death toll stood at more than 40 in the Far West five-state flood plague. More than 14,000 persons were homeless and property damage was estimated in the millions of dollars.

After cresting Friday at 29.8 feet, almost 12 feet above flood stage, the murky Willamette began to recede. Officials said only a three-foot concrete parapet held back the water.

Among the debris the river carried was a broken raft of logs, which passed under Portland's 10 bridges without doing any damage.

Mountain snow freezes. Forecasters predicted the Willamette's fall would be slow.

Oregon Gov. Mark Hatfield said, "We're over the hump in the state as a whole, but the situation remains critical in Portland."

More than 1,200 families were evacuated in the North Portland area as the Columbia River threatened to inundate the section. Army Engineers insisted the evacuation was precautionary, but they declined to guarantee dikes along the river. More than 7,000 persons were homeless in Oregon.

Flood waters were receding in some California areas. Colder temperatures were forecast for today, promising more discomfort for about 7,000 flood refugees.

The dropping mercury was a mixed blessing. Mountain areas, especially the Sierra on the Nevada-California border, refroze, reducing flood threats from melting snow.

Reno Spared

Washington State weather forecasters called for snow to-night in the northwest and eastern portions of their state and rain elsewhere.

Predictions are that the Spokane River will crest and may cause some damage.

In Idaho, the Portneuf River dropped to a flood level of 6 1/2 feet as the weatherman predicted lessening rainfall for a 24-hour period.

The Weather Bureau in Boise reported the gradual reduction of south Idaho streams and that the Snake River on the Idaho-Oregon border had crested slightly below flood stage.

Flood conditions in Reno had declined by mid-afternoon Friday as the Truckee River marked a steady, decreased flow. Earlier it had washed into streets in Vista, east of Reno.

Rescue operations in California by 48 helicopters scattered over the northern coast will go on today, officials said. Dense fog and rain kept the aircraft on the ground most of Friday, although a few got through late in the day. Many of the helicopters were from the carrier Bennington, which arrived at the flood rescue center of Eureka, Calif., on mercy mission.

Seven physicians in the Eureka area worked 12-hour shifts in helicopters taking injured victims and bodies from the stricken 70-square mile district. Receding flood waters left mud and assorted debris laying thick in house.

More than 2,000 persons ate Christmas dinner at the Fairgrounds, about 15 miles south of Eureka. Other communities also set up mass dinners.

Search parties continued to comb areas where waters were receding. A Civil Defense official said.

Copper Region Train Derailed; No One Injured

IRON MOUNTAIN (AP) — The Milwaukee Road's Copper Country Limited, carrying 50 passengers, derailed near this Michigan-Wisconsin border city last night.

No one was injured. Michigan State Police said the second of two diesel engines pulling the six-car train hit a split rail, tearing up 700 feet of track.

Railroad officers said the train remained upright. They made arrangements for passengers to continue the trip by bus.

The train was southbound from Calumet, in Michigan's copper country, to Milwaukee. It had completed 120 miles of the 250-mile trip when the accident occurred.

Unofficial estimates in newspapers at Colombo, the capital of Ceylon, said the death toll would reach 2,000.

Ceylon air force planes dropped food to 14 Ceylonese villages isolated by high water and washed out roads.

Property damage is estimated at \$150 million. Railway officials said 115 persons aboard a passenger train hit by the 15-foot tidal wave that swept across the eastern end of Rameswaram were believed drowned.

One survivor said villages on the eastern end of Rameswaram were strewn with bodies and that no food or water was available.

In Ceylon, 12 miles across the chain of tiny islands, the situation was much the same in the northern and eastern areas, which took the full brunt of the storm.

Japanese cities, Armstrong said to his wife: "I see you got the Christmas going."

Ceylon Cyclone And Tidal Wave Take 750 Lives

NEW DELHI, India (AP) — Thousands are homeless and at least 750 persons are dead on Ceylon and the nearby island of Rameswaram, ravaged by a cyclone and 15-foot tidal wave, according to reports reaching here today.

The disaster area, off India's southeastern tip, is still virtually isolated and communication is patchy. Villages have been without food or water since Wednesday morning.

Officials said about 250 persons were known dead on Ceylon and another 500 on Rameswaram, a 16-mile long island between Ceylon and the Indian mainland.

Unofficial estimates in newspapers at Colombo, the capital of Ceylon, said the death toll would reach 2,000.

Ceylon air force planes dropped food to 14 Ceylonese villages isolated by high water and washed out roads.

Property damage is estimated at \$150 million. Railway officials said 115 persons aboard a passenger train hit by the 15-foot tidal wave that swept across the eastern end of Rameswaram were believed drowned.

Rabbi Does Job Of Police Chief; Noel Tot Named

By The Associated Press

A rabbi doing the job for the police chief. A couple married 70 years. Louis (Satchmo) Armstrong's Christmas tree in Tokyo. A baby named Noel. Two colonels with big hearts in South Viet Nam—all of them played a part in spreading the joy and happiness of Christmas.

The rabbi, Philip H. Weinberg, filled in as police chief of Reno, Nev., permitting the regular chief, Elmer Briscoe, to spend Christmas with his family.

Rabbi Weinberg enjoyed the work, saying it seemed fitting to do it "because of the new ecumenical spirit." He hoped his goodwill gesture would serve as an example to other rabbis.

Staff Gets Day Off

In Hartford, Conn., 80 Jewish volunteers took over menial tasks at five hospitals, giving the day off to Christian employees.

The couple celebrating their 70th wedding anniversary on the day after Christmas are James W. Thompson, 91, and his wife, Delia, 83, of Louisville, Ky. The children brought presents for a party.

Lawford To Star In TV Series

NEW YORK (AP) — Actor Peter Lawford, brother-in-law of President John F. Kennedy, has been signed to star in one drama of "Profiles of Courage," the television series based on the late president's Pulitzer Prize-winning book.

Lawford will appear as Brig. Gen. Alexander William Doniphan, a man who chose the dictates of his conscience over the orders of his military superiors. The National Broadcasting Co. said the program will be shown Sunday, Jan. 17.

Groups Study County Efforts For Home Rule

The efforts of those who seek for Michigan counties the benefits of county home rule as provided for under the new State Constitution are being studied by Delta County persons who by this means would inform themselves and the public.

The State Affairs committee of the Escanaba Chamber of Commerce has made County Home Rule one of its subjects of study.

At one of its meetings it heard Charles Folio, Delta County delegates to the Constitutional Convention and a member of a special County Home Rule study committee named by Gov. Romney, explain County Home Rule.

Copies of his outline, "What is County Home Rule?" were received by interested persons.

Entire State
Escanaba City Council members have been supplied with copies by City Manager George Harvey, who suggests to the Council that "It is well that we give consideration to this, inasmuch as the Legislature will be taking this under consideration in the forthcoming session."

"To that end I will communicate with Rep. Erlandson and Sen. Schweigert in regard to keeping this in mind so that legislation adopted will cover the entire state rather than the populous counties," Harvey commented to the Council.

Folio's outline on "What Is County Home Rule?" follows: "The Michigan Constitution of 1908 contained a provision for home rule for cities and, as a result, Michigan's cities are remarkably well governed today. The Michigan constitutional convention of 1961-62 found that there were so few dissatisfactions with city government in the state that very few changes regarding municipal government were made and these were minor ones."

"However, many criticisms

of government were heard and a long debate over county home rule took place. Heavy opposition to this proposal came from the county officials who dominated the Local Government of the constitutional convention.

"Home rule means simply this: That local communities (cities or counties) be given the legal privilege to reform or revise their government by charter commissions, locally elected, to fit more nearly the conditions prevailing in that area. No one would argue that the same kind of government structure which would fit the conditions of Keweenaw, Luce or Kalkaska counties should be imposed on Wayne, Oakland, Macomb or Kent counties. Yet every county in Michigan is fitted into the same strait-jacket regardless of its size or population."

"The new Michigan Constitution of 1963 contains the provisions for county home rule which now makes it possible for the Michigan legislature to extend the right to counties to revise their governments to meet the conditions of 1965 and not 1837 or 1850 when our first and second constitutions were adopted."

"Governor Romney, who believed that the legislature should act to implement the constitution, so that the counties could go ahead, appointed a committee to study the subject, hold hearings and ultimately make recommendations to the 1964 legislature. After months of study and discussion, a report was made in April, 1964. This favorable report was agreed upon by every member of the twelve-man committee but one."

"The legislature was confused by several bills which were put before it. The matter was stalemated in the 1964 session because of lack of public opinion and pressure from local areas outside. The issue is sure to arise again in the 1965 legislature and there is danger that a bill may be passed to enable only very populous counties like Wayne, Oakland, Macomb and perhaps Kent and Genesee to have home rule. Unless there is some indication of support from outside this is likely to happen. Experienced observers say that, if it does, it is likely that it will be years before it can be extended to less well-populated counties."

"Why should county govern-

ment be changed? Let us enumerate a few reasons:

"1 — County government is the only unit of government which has no head. In the federal government we have a president, in the state a governor, in cities a city manager or mayor, in schools a superintendent. But in county government there is no one person who gives full time to overseeing the whole structure of county government in all of its parts, to coordinate departments, and to see that they are operating efficiently. This can not be done by a county board which can devote only a few hours a month to functioning in administrative capacities as well as legislative capacity."

"2 — A structure of county government which fit the rural backwoods conditions of Michigan of the 1850's does not fit the conditions of Michigan today."

Why Partisan?
"3 — There is a lack of coordination between the various departments in most county governments today. In many places, the right hand does not know what the left hand is doing."

"4 — Efficiencies and lower costs could be achieved by centralized purchasing and personnel policies."

"5 — A lot of people are of the opinion today that in some small counties the number of officers could be reduced were it not for constitutional provisions that they must be elected. Some county offices are out-of-date and are no longer needed or their functions could be combined with other offices."

"To many people it does not appear to be sensible that we elect county officers on a partisan basis (Democratic or Republican) to offices which are purely administrative in function."

"County home rule then is merely the right of counties to revise their government to fit their times and conditions (within certain stated limits) if they feel the need for it and wish to do so."

"Many of our counties in Michigan are very well governed," said Folio. "This is remarkable since so many restrictions and conditions are placed on them by the constitution."

"It seems sensible to me that counties would want to take a look and to see for themselves how they could change to fit modern day conditions."

City Ice Rinks To Open Sunday

Skating rinks in Escanaba with the exception of the rink at the Babe Ruth baseball diamond will open Sunday, the city recreation dept. announced today. The Escanaba Ski Park at Danforth is expected to be ready for operation next week. A spokesman for the department said that city crews are working today to flood proper ice surfaces on all rinks and have begun work on installing the tow at the Ski Park.

Warming shelters for the skating rinks are already in place. Rinks will be open from 1 to 5 p. m. Sunday afternoon and will reopen at 6:30 p. m. for evening skating if ice conditions permit. The rink at the Babe Ruth baseball diamond will probably open next week.

Loomis Case Details Aired

CHICAGO (Special)—Nicholas P. Chapekis, Delta County prosecuting attorney, said today that Ray Weddell Thorburn, accused kidnaper of an Indianapolis man whose body was found with a bullet in the brain in the Upper Peninsula of Michigan in November, has a "three or four page criminal record."

Thorburn, 42, alleged mastermind of the plot which brought William R. Loomis, 39, to the Garden Peninsula of Delta County in October to be murdered, is being held without bond on aggravated kidnapping charges.

Two companions — Phillip A. Battaglia Jr., 23, and Robert D. Lazzaro, 27 — are also being held in connection with the case for abetting kidnapping.

The men, all from Chicago, pleaded not guilty to the charges when arraigned in U. S. District Court on the charges earlier this month. Date for pre-trial motions was set for Feb. 5. Trial date will be set later.

Chapekis, who is conferring with federal authorities prior to prosecution, said he has been subpoenaed to appear at the trial.

He said the federal officials will "definitely" seek the death penalty for all three men.

"It appears that they're going to need a lot of our people," he said.

Arthur L. Dunne, assistant U. S. attorney, is planning to come to Escanaba to talk over the entire case with local investigators before the trial, he said.

A former University of Michigan football player, Dunne is handling the federal case against Thorburn, Battaglia and Lazzaro, Chapekis said.

"He has a lot more on Thorburn than I thought," Chapekis said. "He was also very thrilled with the work done by law officers in the Upper Peninsula."

"We sat down and went over my entire file on the case," Chapekis said. "They were very interested in the school records we had on Thorburn and pictures we had from the place where Loomis body was discovered."

The body was found by deer hunters Nov. 21 in a wooded area on the Garden Peninsula three miles northeast of Fayette State Park in Fairbanks Township.

Worst In History
Officials are saying this flood is the worst in California's history.

Elsewhere, the danger appeared to have passed.

Much of Northern California was virtually without highways. U.S. 101 was closed between Willits and Crescent City and at least 15 bridges along the route had washed away. State officials predicted it would take 30 days to restore the highway to car traffic and another 30 days for trucks.

Western Pacific Railroad said all of its bridges were usable but no trains were operating in Northern California.

Damage was estimated at \$150 million in Humboldt County alone. County Public Works Director Charles Shaller said the loss of the Pacific Lumber Co. mill at Scotia, the world's largest redwood mill, cost \$5 million.

Oregon waters continued to subside in most of the state, although remaining critical in North Portland.

The death toll remained at 16 in Oregon.

In other parts of the nation, stormy weather swept areas in the Southeast with tornadoes and thunderstorms. Two persons were killed and six others injured by a tornado which struck a trailer camp near Gray, Ga., today. Severe winds caused some property damage in Macon.

Snow, freezing rain and sleet hit areas in the Midwest and cold weather continued in Montana and northern Midwest states. Below zero temperatures again stung areas in Montana, the Dakotas, Minnesota and Iowa.

Mild weather sent the mercury to record high marks for Christmas in many Eastern and Southeast cities including 68 in Philadelphia, 62 in Burlington, Vt., and 83 in Shreveport, La. The 80 in New Orleans tied the all-time record high set in 1942.

No Recount Yet On School Vote

No petitions have been filed today asking for a recount in the Escanaba Area School District 4.5 mill election of Dec. 22 which was canvassed on Dec. 23 and certified as having carried by three votes — 2544 to 2541.

Harold W. Gasman, secretary of the Escanaba Area Taxpayers Association, made inquiries about recount procedures but said in a letter offered to the Escanaba Daily Press today for publication that under a new school law there are only 6 days to request a recount and that petitions with 10 per cent of the voters must be submitted with the request. Obtaining nearly 600 signatures with a three day holiday in this 6 day period is next to impossible, he wrote.

He added that a referendum to void the Dec. 22 election "and adopt a lower millage may be possible and this would seem to be the logical course to take. We expect to make a decision on this matter very shortly."

The press declined to publish without rewriting the letter of the Taxpayers Association for failure to conform to its policies on communications. The Press will report the actions of the Taxpayers Association in the context of news and will publish its communications, like those of other citizens or organizations when they meet the rules for all communications.

Bay Ice Fishing Census Planned

An ice fishing census at Little Bay de Noc in the area north of Gladstone will be started Wednesday, Dec. 30 by the Research and Development Section of the Michigan Department of Conservation.

The purpose of the census is to determine the total catch of various species of fish in Little Bay de Noc and to secure other biological information needed for good management of the fishery. The census will continue until the ice goes out in late March. Personnel from the Fisheries Research Station at Marquette will plan and conduct the study under the direction of Thomas M. Stauffer, fisheries biologist.

Ice fishing for perch and walleyes has become a favorite winter sport for hundreds of outdoorers in the Little Bay de Noc area. At the height of the ice fishing season, close to 1,000 shanties of all shapes, sizes and degree of comfort are set up on the ice. On weekdays an average of 50 cars head out on the ice while on weekends the number may be as high as 300. Access points to the fishing grounds are at Gladstone, the Public Fishing Site north of Gladstone; Kipling and Masonville.

Fishing is mostly for yellow perch but walleyes are also taken. Conservation regulations impose a 10 fish limit on walleyes in the Great Lakes but there is no limit to the number of perch that may be taken. Minnows and wigglers (larvae of the may fly) are the most popular baits.

The statistically based sampling plan for the Little Bay de Noc fish census will rely on car counts (the great majority of anglers use cars to reach the fishing grounds) and angler interviews to determine the total catch of fish. Counts on the number of cars on the ice will be made from two vantage points by census clerks. Mechanical car counters such as used by the Highway Department may also be employed.

The car counts will provide an estimate of the total number of fishing hours expended by anglers. In addition to car counts, anglers will be interviewed by census clerks at three access points as they come off the ice after completing their fishing trips. Anglers will be questioned about the length of time fished and the number

of fish caught. From this, the average number of fish caught per hour can be calculated.

The estimate is then computed by multiplying the average catch per hour (from the angler interviews) by the total estimated fishing hours (from car counts.) In addition to car counts and angler interviews, information will also be solicited on biological information such as length, weight, sex, maturity and lamprey scarring of the fish caught.

One or two Conservation Department men will staff the checking stations. Sampling will be more intense on weekends, when most fishing occurs, than on weekdays. The access points will be plowed and a sign about 100 yards out on the ice will alert anglers that a census clerk is on duty. Anglers are requested to stop for interviewing whether or not they possess fish. To facilitate checking anglers are asked to count their fish before they reach the checking station. Fishermen will be further informed about the census through posters distributed to bait dealers and ice fishermen.

Studies of this nature are important to fisheries workers who need information about the total take of anglers to manage the sports fisheries in the best possible manner. All anglers in the Little Bay de Noc area are urged to cooperate with the Conservation Department in the forthcoming fish census.

More people get more news from newspapers than from all other sources combined.

Moore Moves To Green Bay

Edward R. Moore, newscaster and staff announcer for WLUC-TV at Marquette for the past 20 months, has accepted a position as staff announcer with WFRV-TV, in Green Bay. He's expected to join the Green Bay station shortly after the first of the year.

Moore, a native of Philadelphia, has been with WLUC-TV since May of last year. Previously he had held the position of program director, and news reported with radio station WLST in Escanaba. He is married to the former Joan Farrell of Escanaba and the couple has four children. His mother-in-law, Mrs. Gladys Farrell, re-

Edward R. Moore

Chips And Splinters

Contributions To Chips Welcomed

Escanaba has its Centennial time capsule designed to last 100 years buried in a crypt at the Municipal Dock. At the New York World's Fair on Long Island there are to be two time capsules expected to be opened 5,000 years from now!

Escanaba's time capsule is a copper box enclosed in a concrete crypt. The second capsule at Long Island (to be interred in ceremonies in 1965) is 7 1/2 feet long and is made of stainless steel.

Among the items in the Escanaba Centennial crypt is a taped message of the voices of the members of the City Council; and the World's Fair box contains a tape on which are the voices of 13 world personalities.

Lawrence R. Perry, a native of Escanaba, whose business experience in the printings trades dates back to early days of the Escanaba Morning Press of 1912, is chairman of the board of Perry Printing Co., Waterloo, Wis.

Perry was employed in the shop of the Morning Press, forerunner of the Escanaba Daily Press, when it was a beginning newspaper under the direction of the late John P. Norton. Perry left Escanaba about 1913.

The Perry Printing Co. is an offset printing firm which calls itself Wisconsin's "biggest smalltown printer." The company was formed in 1931 and Perry's son, Roger, succeeded his father as president in 1957.

The Milwaukee Journal Co. is negotiating to purchase a 40 per cent interest in Perry Printing. The Journal reported it sought investment in a growing Wisconsin industry and experience in the field of offset printing.

Variety magazine, the bible of show biz, reports that Joe Leighton, Escanaba native, and his actress wife Linda are in the forefront of Tarzana's civic and political leadership. Tarzana is a Hollywood, Calif., suburb.

"Joe Leighton & Associates rolls into its 10th year in Hollywood next week," Variety reports in its Nov. 27 issue. "From one client and a one-man staff he now serves the advertising, public relations and sales promotion needs of 15 advertisers."

Escanaba people know Joe Leighton as the son of Fred Leighton, 5505 S. 6th St. His wife, the former Linda Johnson, was first introduced here as the Hollywood starlet who posed for publicity pictures back in the Smelt Festival period of the early 1940's.

Linda Leighton keeps her hand in the acting profession, besides being wife and mother. One of her roles was in a Perry Mason television thriller a few months ago.

Kvam Is Named Research Director

ST. PAUL—Donald C. Kvam, son of Mrs. F. D. Walker, 1510 S. 17th Ave., Escanaba, has been named supervisor of biological research in 3M Company's central research laboratories.

Kvam received a bachelor of science degree in pharmacy from Ferris State College, Big Rapids, Mich., in 1954, and a Ph.D. in pharmacology from the University of Wisconsin in 1960.

Kvam, who is married and has two children, makes his home in St. Paul.

sides at 523 S. 12th St., Escanaba.

He had originally set out to be an actor and was studying in Hollywood when he met the former Joan Farrell, a registered nurse, who at the time was a member of the staff of Queen of Angels Hospital in Los Angeles. Moore appeared in more than 30 stage productions in California and in addition he made brief appearances in nationally syndicated television series. The family left the west coast and moved to Escanaba in 1960.

He became a disc jockey at radio WLST in Escanaba and entered the television field two and a half years later. He expects to conclude his duties at WLUC-TV on Dec. 29 and move to Green Bay from Marquette shortly thereafter.

REA Reports Rate Reduction

The price paid for electricity by rural consumers on lines financed by the Rural Electrification Administration continued to drop during 1964, the U. S. Department of Agriculture announces.

Contributing to the price decline were rate reductions during the first 49 weeks of 1964 by a record 114 REA electric borrowers. Only four borrowers found it necessary to raise rates during the year, and REA officials said, 1964 reductions will save rural consumers at least \$1.5 million annually on their electric bills.

REA's rural telephone program signed a montane loan to provide modern dial telephone service for the two millionth U. S. subscriber.

An October electrification loan financed a 300,000-kilowatt generating plant in Wisconsin, the largest single-unit plant ever financed by the agency.

The \$486.8 million electric and telephone loans made by REA during the first 11 months of 1964 brought to more than \$6.5 billion the cumulative total of loans in both programs. Total loans will enable rural electric systems to serve nearly 6 million farm and other rural consumers and help telephone systems to provide dial service to more than 2 million subscribers. Borrowers of REA loan funds are located in 46 States and Puerto Rico.

Electric loans approved by REA during the period amounted to \$377.6 million. The 1964 loans finance construction of 26,378 miles of line and related facilities and to extend central station service to an estimated 163,848 rural consumers. Loans for generation and transmission purposes accounted for 51.4 per cent of the year's total. Total generating capacity in these loans amounted to 636,000 kilowatts, bringing total loan generating capacity to 4,693,023 kilowatts, of which 2,440,919 kilowatts have been installed.

African Outrage

Belgian Foreign Minister Paul-Henri Spaak, one of the founding fathers of the United Nations, arose in its Council recently in anger. He had been listening to representatives of African nations rage about "imperialist intervention" in the Congo.

The former French Congo's foreign minister said "The white is untouchable and we must be extremely careful because the slightest thing might place millions upon millions of black lives in danger." Guinea's representatives charged that white mercenaries had "massacred hundreds and hundreds of Congolese."

It was the most nakedly racist attack ever heard in the United Nations. It passed over rebel savagery, cannibalism, mutilations and unspeakable behavior in the Congo to deny any humanitarian impulse in the Belgian paratroop drop from American planes at Stanleyville to rescue foreigners from the Simbas' savagery.

When Spaak arose he said "I have reached the end of my patience. I have listened to distortions, insults and untruths. This kind of talk is painfully close to that type of racist feeling which has been so heatedly denounced by the Africans themselves."

Around the world black nations responded like a well conditioned reflex, especially wherever the communists were in control. American information libraries were burned, American consulates were stoned, the American flag was defiled. The world was asked to believe that the nation which has given more of itself to the world in humanitarian causes than any other in world history was an evil, brutal force which would go about slaughtering half-savage blacks unless they protected themselves.

It is an indication of our deteriorating relationship with the African nations in the United Nations and of more trouble to come. It is an incident to cause American reappraisal of its acceptance of the new African states as responsible nations.

The air drop rescue at Stanleyville was decided upon reluctantly and late and after hope that a massacre of foreign nationals could be averted by other means. Belgium, whose colony the Congo had been for so many years, has suffered a deep wound in the separation. It faces a 1965 general election and it wanted nothing less than an armed incursion into the city it had built to rescue its nationals and some Americans and others. But its paratroopers were the obvious choice for the mercy mission.

When the Belgians became convinced that the situation of the captives at Stanleyville was desperate, events began to shape. The western allies appealed for United Nations supervision of an evacuation, tried direct appeals, proposed a 13 nation Red Cross Commission, but nothing worked.

With time running out Belgian paratroopers were alerted Nov. 15. Word of the preparations reached Congo Premier Moise Tshombe Nov. 20 and he was persuaded to write a letter approving the mission. At nearly the last moment the UN and the Organization of African Unity were informed. On Nov. 24 Belgian paratroopers landed from 10 U.S. planes at Stanleyville and the rescue began.

At Stanleyville and elsewhere about 2,000 non-Africans were rescued. Two paratroopers and a Belgian military technician were killed and about 97 Belgians along with 30 other non-Africans.

In his new book "The Challenge of Modernization," I. R. Sinai writes "The international atmosphere is absolutely clogged with slogans, speeches and books extolling the 'Great Revolution' that has supposedly been brought about in these populous territories (of the underdeveloped nations). What we are witnessing in reality is a colorful masquerade, a sort of superior political orgy, superficially exciting but essentially undermining and leading only to a process of dissolution."

Sinai suggests that the imperialists gave the non-Westerners a taste for Western style living without supplying them with the economic base or the management training that could provide it. As a result, he says, the former colonies, now haughtily proud new nations, are worse off than they were as colonies.

Finding The Way

Build House Upon Rock

By RALPH W. LOEW, D. D.

The meeting was announced, would like to think that there aren't any cracks, and that we're safe from any of the shocks of existence. Or, as Auden wrote: "The fears we know are of no knowing."

What to do? You can't prevent the blasting for building and just when we're safe there's the threat of trouble. During the recent atrocities in the Congo I've heard men saying, "Why do we have our people over there?" Yet most of these men and women, missionaries, teachers, physicians and anthropologists have been working at peaceful pursuits. They had felt the tremors when no one else was aware, and they had responded with their own careers. Now they've paid with their lives. Now the shock-waves reach our own little buildings.

It's apparent that we can't avoid or evade the shocks and we can't run from them. We can sink some new foundations for our own faith, reexamine the building of our own values and rethink the meaning of life. Too many of us have been content to think of our safety in terms of the vulnerable building of our possessions.

Once more the ancient words of Jesus come with clarity: "Every one who hears my words and does them will be like a wise man who built his house upon a rock; and the rains fell and the floods came, and the winds blew and beat upon that house but it did not fall because it was founded upon a rock!"

That's an important word at the end of a year and at the tense that is so disturbing. We begin.

But that's the problem of these days. Everything seems to be all right with many of us and with many of our institutions until someone begins to blast. The plans that other people make, the invasions on our time and schedules, the seemingly unrelated events suddenly cause cracks which one can resent but with which we have to deal. Sometimes the walls of our old bureaucratic structures are more vulnerable than we imagined. Will the structure last for another year? Truman Douglas once commented: "The disintegration of our society has revealed the fragility of just those things in which modern man has put his trust: material comfort, a relatively stable social structure, the right to live his own life undisturbed by events outside the circumference of his own freely chosen interests. . . . He is vulnerable to the invasions of God who makes himself known when our human securities are shaken."

It is the fragility of our tense that is so disturbing. We begin.

Letters To The Press

MILLAGE

How do Michigan communities face up to school bond and millage issues? Here's the December record compiled in the Michigan Education Journal, December issue, Page 37:

- Birmingham — approved \$5,350 for buildings.
- Bozette Falls — approved \$245,000 to remodel high school.
- Cadillac — approved \$1,800,000 for Junior High School.
- Carrollton — approved \$550,000 additions.
- Coloma — approved \$1,490,000 for high school.
- Constantine — approved \$1,135,000 for elementary school.
- Dearborn Heights — approved \$440,000 bond issue.
- Dewitt — approved \$750,000 for high school.
- Flushing — approved \$900,000 for remodeling.
- Grant — approved \$160,000 for additions.
- Gibraltar — approved \$1,075,000 bonds.
- Holt — passed 2.5 mills for operation.
- Inkster — approved \$2,400,000 bonds.
- Jonesville — approved \$560,000 for building and remodeling.
- Kent City — approved \$330,000 for construction and remodeling.
- Lakeshore (Berrien County) — approved \$1,500,000 for additions and remodeling.
- L'Anse Creuse — approved \$3,395,000 for junior high.
- Mancelona — approved \$165,000 for remodeling.
- Marlette — approved \$965,000 for building.
- Mason — approved \$200,000 for building.
- Pottersville — approved \$450,000 for high school.
- River Valley — approved \$1,930,000 for construction.
- Rochester — approved \$1,500,000 for building.
- Rose City — approved \$390,000 for building.
- Troy — rejected \$4,000,000 for building; approved 5 mill increase for five years for operational needs.

Do other communities have school financing problems? You bet they do — and you can plainly see from the record that these people like our forefathers rise to the occasion by approving bond and millage issues.

Stanley R. Jensen

SET FREE

Does education cost too much? I should like to say a few words as pastor of a church. Our fathers and mothers toiled to learn the three Rs and received little else. Today our communities are the recipients

Questions And Answers

Q—Has wood pulp ever been used in our currency?
A—No.

Q—What does the court cry "Oyes" mean?
A—It means, "hear ye."

Q—Why is Friday the 13th considered an unlucky day by superstitious people?
A—One theory links together the fact that Christ was crucified on Friday and that there were 13 present at the Last Supper, with Judas counted as the 13th.

A score of lesser communist leaders make a profession of going to college. They take one or two easy courses a year, do little or no studying, keep their college connections so as to be able to propagandize and agitate the younger students.

Then there are radical high school teachers and college professors in Panama. Experts say the Panamanian Department of Education is well infiltrated with Communist and extreme leftist bureaucrats. Panamanian students are making plans for a parade-

Memory Lane

Ten Years Ago

By J. R. LOWELL

Carl E. Ranta, 33, proprietor of Carl's Bar, Deer St., Manistique, was killed in a motor accident about six miles north of the city early this morning.

Pope Pius XII, seriously ill, rallied sufficiently to bestow his blessing and give his Christmas greetings to the world. His voice was heard over radio throughout the country.

Baskets of Christmas fare were provided in abundance to those this year who might otherwise have had to go without. The Salvation Army, church organizations veterans groups and various women's clubs made it a duty of theirs to feed the hungry, clothe those needing apparel and there were toys galore for the children. This has been a blessed as well as a merry Christmas in Escanaba.

Twenty Years Ago

Many homes in this area were saddened by news from Europe, where Germany in one last desperate thrust, took advantage of an unforeseen situation and captured 13,000 soldiers, most of them Americans. Many local boys are known to occupy the sector in which this occurred. (This has already been termed "The Battle of the Bulge.")

Cigar making has been enjoying a boom, according to John Kahlow, 84, veteran Escanaba cigar maker, who has been making cigars for the past 40 years. Shortage of cigarettes is said to be the reason for the boom.

Passenger trains are having their inking during the current Christmas season. There have been additional coaches to every train and yet the trains are crowded to capacity.

Thirty Years Ago

Edwin Bergman, Bark River farmer, has been recommended to the county board for appointment to succeed the late J. E. Turner as county agricultural agent.

The Jean Hotel at Gladstone, moved from its old location to 807 Delta Ave., is now re-opened with Mrs. Ethel Reynolds in charge. The new post-office building is being erected on the old location.

McMillan

Honor Student

Carl Landon of Detroit, son of Mr. and Mrs. Grant Landon, (Leone Priess) sister of William Priess and Mrs. Viola Kirby, was inducted into the National Honor Society Technician Chapter at Cass Technical High School. Carl will be graduated in January with a straight A average from Cass Tech High School.

Ann Landers

Parents Yell At Daughter, 11

Dear Ann Landers: I am a girl 11 years old. My mother is 41 years old. Everything I do I get yelled at. My life was beautiful until two years ago when my baby brother showed up.

I get along just fine with my dad but my mother yells at me for every little thing. In the morning she yells at me because I am slow and she's afraid I will be late for school. At night she yells at me because I watch too much TV. Sometimes I can hear her yelling in my dreams.

Do you think if I left home for awhile and went to live with my aunt my mother would appreciate me? Or would this just mean that my little brother would get all the attention, instead of 99% which he is getting now?—TOO OLD TO BE LOVED

Dear Too Old: Don't pack. Stay where you are. Your little brother is getting the same attention you got when you were his age. You are a big girl now and you don't need this kind of attention—and he does.

Ask your dad to suggest to your mother that she get a physical check-up. She's at an age when little things (like a two-year-old boy) can get on her nerves. Doctors have some new medicine now which can be very helpful.

Dear Ann Landers: Although I do not always agree with you I like your column. I am confused, however, about one bit of advice in particular. I wish you'd set me straight.

Why do you tell some women who have trouble with their husbands to "throw the bum out and make sure he sends the support checks in the mail," while other wives are advised to "stick with the louse and make the best of it—for the kid's sake?"

Why the conflicting advice?—WISHING TO KNOW

Dear Wishing: When I tell a woman to "throw the bum out" you can be sure her letter indicated she had tried everything — clergyman, physician, licensed marriage counselor, the whole bit—but it was a no-hoper. I ponder long and hard before I recommend separate roofs. But people who cannot tolerate each other are better off apart.

On the other hand, when a man has a roving eye and an itchy foot, but is a good father

doesn't realize she's got a bigger one ready—for his nose.

Hardest worker at yuletide is Santa Claus. Judging by ads and store windows, he's been going full tilt since before Thanksgiving.

When Loverboy slips the ring on Dreamboat's finger, he

Hospital

Admitted to Schoolcraft Memorial Hospital were Agnes Gardapee, Rte. 1 and Arden Swisher, Germfask. Discharged were Jane Weber, Elaine Rice and Floyd Cox.

Personals

Mr. and Mrs. John Stahl, and family of Milwaukee, are arriving to spend Christmas with their parents, Mr. and Mrs. Ed Swanson, Sunset Beach, and other relatives.

MANISTIQUE

Briefly Told

The "Knit'n' Kittens" 4-H Club met Saturday at the home of Mrs. Everett Wood and enjoyed a Christmas party. Games were played followed by a lunch. Diane Barnes volunteered to bring a flag to be used at the club meetings.

Donald Tuttle paid \$20 fine and \$2 costs in Justice Court on an Overweight master's ticket. Reginald Long, Sault Ste. Marie, paid \$5 fine and \$2 costs for violation of the basic speed law, too fast for conditions.

Order of Eastern Star members have been invited to the Job's Daughters installation, Dec. 29. All members are urged to attend.

State Police reported an accident occurred at 11:30 p.m. Wednesday in Inwood Twp. on US-2 involving cars driven by Walter Bennett, 21, of Brooklyn, N. Y., and Edwin Sparr, 20, of Circle Pines, Minn. Bennett was attempting to pass a truck nearing a hill when snow

thrown up by the truck obscured his vision and he did not see the approaching car coming from the opposite direction. No one was injured and the cars had minor damages.

Births

Mr. and Mrs. Ardell Gardapee, Rte. 1, are the parents of a son, born Dec. 23 at the Schoolcraft Memorial Hospital. The baby weighed 6 lbs. 3 1/2 oz. Mrs. Gardapee is the former Agnes Scharmack.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

Paralyzed Son Regains Speech

BEATRICE, Neb. (AP) — There will never be another Christmas for Mrs. John Stewart like that of 1964. That was the day her 14-year-old son came back from a world of silence.

"It was the only Christmas present I ever prayed for and I got it!" she exclaimed after son Douglas said to her: "Merry Christmas."

"It's out of this world. I can't believe it. This is the best Christmas ever in my life," Mrs. Stewart said as she stood by her son's bed at the Beatrice State Home.

Since last spring, Mrs. Stewart had lived with a knowledge that her son might never speak again.

Dragged Under Tractor — She was told this could be one of the results of injuries suffered in March when Douglas was thrown from a tractor and dragged under the wheels.

There was brain damage and when no improvement was shown after several weeks,

Douglas was believed to be a hopeless paralytic case. In June he was sent to the Beatrice State Home. Clinical Director Dr. H.M. Hepperlin said, "We were told there was no hope of recovery."

Douglas remains bed-ridden and has only partial use of his arms.

Yet recovery there was, although, said Dr. Hepperlin, "there was nothing special that we did medically."

"I'm sure the main thing was tender, loving care and having other youngsters around. The entire staff took a special interest in this boy. Somehow he became inspired and motivated," Dr. Hepperlin said.

A nurses aide, Hazel Gaines, said: "Every day I'd go into his room and talk to him. It must have been about three months before there was any indication he even noticed me. Then I noticed he followed me with his eyes."

"Later he responded with little whine-like sounds."

"I told him, 'Douglas, if you can make those sounds, we can make words instead.'"

"We just kept working and slowly he did."

Two Admit Trying To Steal Macaw At Detroit Zoo

DETROIT (AP) — John Cole, 20, and Theodore Geuthing III, 18, admitted in court they tried to break into the Detroit Zoo Dec. 14 and steal a macaw.

Their idea was to sell the bird to a university fraternity for a mascot.

Zoo guards stopped them, however.

Municipal Judge Keith Lemm-houts of suburban Royal Oak, home of the zoo, passed sentence Wednesday.

Cole and Geuthing, who live respectively in nearby Oak Park and Birmingham, are spending the current 30 days working without pay at the Zoo at the judge's order.

Douglas could speak was kept a secret from Mrs. Stewart — in preparation for Christmas.

For Mrs. Stewart it was a hard starting day — first a snowstorm delayed her departure from home, in Lynch, Neb., then car trouble on the way caused more delay.

At the end, though, there was "the only Christmas present I ever prayed for."

Madden Named To Witnesses Conference Post

Patrick Madden, Escanaba, has been appointed to serve in the organization of the Jehovah's Witnesses Ministers' Conference at Ishpeming, Jan. 1-3.

Madden, an insurance salesman, will serve as refreshment supervisor. As such he will have oversight of a department which will serve refreshments between assembly sessions.

Upwards of 500 Jehovah's Witnesses from Upper Michigan and Northeastern Wisconsin are expected to attend, according to Madden.

"Our assemblies are self-contained; we arrange for the housing of our people, we feed them right at the assembly site and generally care for their comfort," he said.

Twenty separate departments will be used to handle the conference activity during the three-day gathering. "These things are only a means to an end. The principle function of the assembly is to provide an instructive program filled with practical, down-to-earth Bible instruction on the everyday problems of life," he added.

"This assembly will especially deal with a Christian's responsibility to speak the word of God with boldness and to show the fruitage of God's spirit in his daily life," Madden added.

Mrs. Bennett Observes Her 90th Birthday

RAPID RIVER—Mrs. Chester Bennett, the former Della Laveque of Rapid River, celebrated her 90th birthday recently at a family get-together at the home of her grandson, Albert Bond of Rapid River.

Mrs. Bennett was born on Dec. 16, 1874, in Egg Harbor, Wis. At the age of nine she moved with her family to Rapid River. The Bennetts had six children, only two of whom are living, Gertrude Bennett, who resides at home and cares for her mother and Mrs. Andrew Wils, the former Lydia Bennett, of Rapid River. Mrs. Bennett has nine grandchildren and 34 great-grandchildren. A sister of Mrs. Bennett, Della Laveque, resides at the Oja Rest Home in Gladstone.

Mrs. Bennett, a member of St. Charles Borromeo Church in Rapid River, is in good health except for failing eyesight.

Add a bouquet garni to that soup! For the banquet, tie together a bay leaf, a sprig of thyme, a parsley branch and some celery leaves.

City Churches

Christian Science Society—Sunday School at 9:30 a.m. Morning services at 11 a.m. Wednesday night services at 8. Reading room open Wednesday from 2 to 4.

Selberg, Minister.

Women's Activities

Mrs. William John McGlynn

Sharon Lee Williams, William McGlynn Wed

William John McGlynn was matron of honor and claimed Sharon Lee Williams as his bride in holiday rites before the poinsettia banked altar of St. Joseph's Church in Escanaba today.

The Rt. Rev. Msgr. Francis M. Scheringer of Manistique, a long time friend of the bridegroom's family, officiated at the high noon Nuptial Mass at which he bestowed a special Papal blessing on the marriage.

For her wedding, Miss Williams, the daughter of Mr. and Mrs. Marlin Williams, Escanaba, chose an empire styled sheath gown of French imported peau de soie, appliqued with rose point, accented with pearl crystals. The full chapel train was similarly adorned as was the pillbox headpiece, featuring an open rose which held her bouffant veil.

Winter red floor length ball gowns were worn by the bridal attendants and they each carried single long stemmed gladioli. Mrs. Phillip Derouin.

Misses Jean and Joan Williams, Mrs. Edmund Hengesh Jr. and Miss Janice Benko served as bridesmaids.

John Gauthier fulfilled the duties of best man while the wedding guests were escorted to their places by William Goodreau, Gerald McBurney, Carl Anderson and Phillip Derouin.

The champagne reception will be held at the Delta Supper Club. The wedding cake will be served by Kathleen Murphy. Mrs. Howard Smale will be in charge of gifts and Miss Jeanette Michaels will preside at the punch bowl.

Following a tour through the southwestern states and a visit in Pasadena for the Rose Bowl game, the newlyweds will reside in Northern California.

The bride is a graduate of Northern Michigan University where she affiliated with Beta Omega Tau and Kappa Delta Pi. Mr. McGlynn, son of Mrs. William F. McGlynn of Manistique and the late Mr. McGlynn, attended Northern Michigan before graduating from the Wisconsin Mortuary Institute.

Wedding guests were from New York, Chicago, Milwaukee, Manistique, points in Lower Michigan and neighboring communities.

There will be no meeting at the Rock Bible Chapel Sunday, Dec. 27.

Ensigners Are Entertained At Holiday Parties

Births

DIMOCK—Mr. and Mrs. Larry Dimock, Gladstone Rte. 1, are the parents of a son, born Christmas Day at 2:59 a.m. at St. Francis Hospital. The infant weighed 7 pounds and 5 ounces and his name is James Allen. Mrs. Dimock is the former Otilie Kallus.

GATLEN—Danette Holly is the name of the girl born to Mr. and Mrs. Dennis Gatlen of Wilson Christmas Day at 6:42 a.m. at St. Francis Hospital. The baby weighed 7 pounds and 5 ounces. The mother is the former Donna Piche.

HEIKKINEN—A daughter, Tammy Ann, weighing 6 pounds and 14 ounces, was born to Mr. and Mrs. Kenneth Heikkinen, Escanaba Rte. 1, Christmas Day at 7:25 a.m. at St. Francis Hospital. Mrs. Heikkinen was Marianne Bieschke.

ENSIGN—Hayrides, traditional Christmas caroling and individual house parties highlighted an evening for the Ensigner 4-H Club. The large club had two hay wagons driven by Victor Novak and Lloyd Sundberg. Eighteen homes were visited by the carolers.

After the caroling the young people returned to the Sundberg home where cars were waiting to take them to house parties. Drivers were Mrs. Donald LaCrosse, Stanley Dominick and Thomas Safford. Lloyd Sundberg, entertained 18 teenagers at her home. Mrs. Stanley Dominick had ten 4th and 5th graders, and 16 6th and 7th grade children partied at the Safford home. Games were played, an exchange of Christmas gifts was made, and refreshments were served.

Serve Creamed Oysters At New Year's Buffet

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Oysters are eaten in every state of the union, not just along the coastal areas where they are grown. They are now available generally in all modern supermarkets and fish stores.

Combine them with rice. The bland flavor of cooked rice is a perfect foil for the delicate flavor of the plump and succulent oyster. Creamed oysters on rice is ideal for a buffet party since the creamed oysters may be prepared in a chafing dish at the table.

prepared in a chafing dish at the table.

CREAMED OYSTERS ON RICE
1 pint raw oysters with liquor
3 tablespoons butter
2 tablespoons flour
1½ cups milk
½ teaspoon salt
Dash of pepper
Dash of Tabasco
¼ cup chopped celery hearts
2 tablespoons chopped parsley
2 cups hot cooked rice
6 hard-cooked eggs, halved
Dash of paprika

Pick over oysters to remove any bits of shell. Cook oysters in liquor until their edges begin to curl. Melt butter, add flour and brown slightly. Drain liquor from oysters and add enough milk to liquor to make 2 cups liquid. Add liquid to flour mixture slowly. Simmer, stirring constantly until thickened. Add salt, pepper, and Tabasco. Add oysters, celery and parsley and cook only long enough to warm oysters. Place rice on serving platter. Arrange eggs on rice and pour creamed oysters over all. Sprinkle with paprika. Garnish with parsley if you wish.

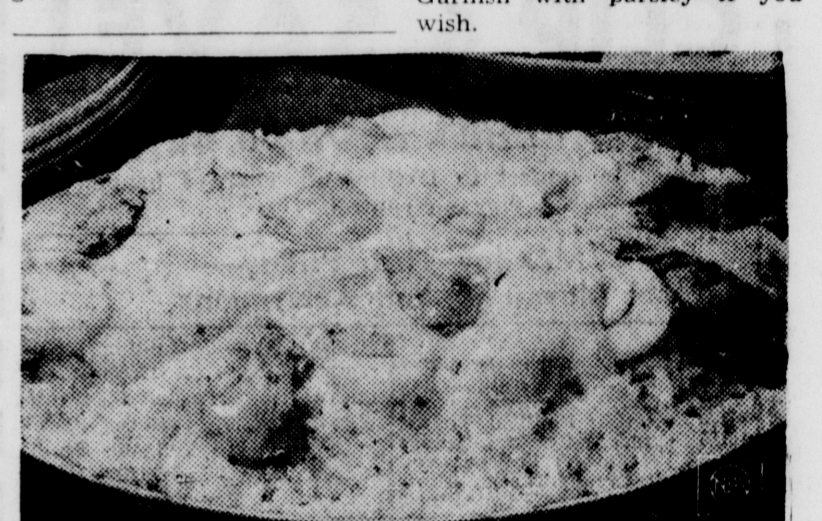

Isabella

Dr. Jack Davis of Pittsburgh spent the weekend with the Gust Soderbergs.

Miss Dorothy Legault of Chicago is spending the holidays with her parents, Mr. and Mrs. Henry Legault.

Homer Turek and John Frankovich are at home with their families after sailing on the Great Lakes during the shipping season.

Note to new cooks: "self-rising flour" is flour with the addition of salt and leavening ingredients.

CREAMED OYSTERS on rice is unique New Year's buffet.

GET FREE KODAK FILM FOR LIFE

YES! FOR EVERY ROLL OF KODACOLOR OR BLACK & WHITE FILM YOU SEND US, WE'LL MAIL YOU A FRESH ROLL OF EASTMAN KODAK FILM FREE!

USE THE MAILING ENVELOPE IN TODAY'S PAPER...just put your roll of exposed film in the enclosed matter and drop it in the mail. Your finished pictures PLUS a new roll of fresh Eastman Kodak film will be returned directly to your door.

IT'S SO EASY AND CONVENIENT When you send us your film, we return it the same way—by mail—directly to your home. Saves you time by eliminating trips to the store and those extra trips when films aren't ready on the promised date.

COMPARE OUR SERVICES Noted on the back of your envelope. We're one of the largest film finishers in the United States. We offer you the finest quality service at a low, low price. Our skilled technicians work with the best equipment and materials to give you the best possible prints.

MONEY BACK GUARANTEE

You must be completely satisfied or your money will be instantly refunded. We want you to have good pictures.

MAIL FILM SERVICE

POST OFFICE BOX 4328 • CHICAGO, ILL.

FREE BONUS OFFER!

To introduce our film service to you, we will send you this free gift. You can get this lovely strand of pearls by DuBarry-Fifth Avenue if you act promptly. Your friends won't be able to tell these very fine simulated pearls from very expensive sets. The necklace is full size—17 inches long. They're hand strung and skillfully matched for size and color. The patented STERLING SILVER clasp has a fish-hook closure to prevent loss. Just clip this certificate and enclose it in the film mailer in today's paper along with your roll of exposed film. We will send you the pearls as our free introductory gift to you.

HOCKEY—The Marquette Iron Ranger hockey team, upset victor over league leading Rochester in last weekend's United States Hockey action at the Palestra, will play at Green Bay tonight. The Rangers are known as the Kiddie Corps in the league because of their age—averaging 21 years in spite of the 37 year old player-coach Oskie Brumm.

RUSSIANS—The invading Russian Nationals saw their all-winning string snapped during the week when the Soviets were held to a 1-1 deadlock by Rochester, the top team in the United States Hockey League race. The Russians had won five straight previous starts.

REVENGE—After bowing to Fergus Falls, 94-79 for their first Northern Junior College conference setback, the Gogebic College Samsons gained revenge by whipping Fergus 80-67 in a return match. Former Upper Peninsula athletes Cliff Decker and Craig Farrell of Ironwood and Bob Manning of Trout Creek paced the Gogebic scoring with 17 points apiece. Gogebic leads the Northern conference race with a 5-1 record.

SPILLED—The Negaunee Miners, front running team in the Great Lakes Conference race, was handed a 58-52 setback by the Gwinnett Model Towners this week. Gwinnett had lost four straight previous starts, all by narrow margins. John Ketola paced the Model Towners with 15 points while Brad Richards hit 20 for the Miners.

UPSET—Coach Vic Fochesato's Norway Knights stunned the Niagara Badgers, 66-56, in a Menominee Range Conference upset. The Knights had dropped four straight previous Range starts while Niagara had a 3-1 record entering the contest. Outscored by two field goals, the Knights cashed in on 22 of 35 free throw opportunities for their margin of victory.

REBOUND—The Ishpeming Hematites bounced back from their Great Lakes Conference defeat at the hands of Negaunee to pin a 68-59 setback on Iron River, leader of the Menominee Range conference. Doug Pertanen, classy Hematite senior, pumped in 25 points and sophomore guard Bill Zhuklie added 17. Dick Wales, Iron River's 5 foot 7 inch spark plug, clicked with 21 points for the losers.

Former Prep Greats Set For Action Here Tonight

All-time athletic greats from Holy Name and Escanaba high schools will return to the scene of their prep exploits tonight in the seventh annual Holiday Cage Classic at Holy Name's gym.

The feature attraction will begin at 8 with a preliminary between St. Ann's and St. Pat's grade school teams scheduled for 6:45.

The annual holiday highlight is played for the benefit of the Holy Name High School Scholarship Foundation which lends financial aid to graduates of the school who are attending college. All services at the game are donated by the persons involved and all proceeds are turned over to the foundation each year.

Attracting capacity crowds in past years, the stars of former Crusader and Eskymo teams have built the game into a sports spotlight attraction and

this year appears to be no exception.

Gracing the Eskymo team, coached by former Escanaba athlete Don Scott, will be such luminaries as Barry Andrews, Jack Lindquist, Mickey Moses, John Fisher, John Olson, Dennis Wilbee, Phil Davidson, Tom Butler, Ken Seibert, Wally Schultz, Billy Eis, Jim Almonroeder and Ron Gauthier.

That outfit will give the Eskymos towering height, deadly shooting and a sprinkling of

solid collegiate athletes. Seibert will be the tallest performer on the court at 6 feet 7 inches. He is a member of the varsity basketball squad at Michigan Tech, as is John Olson, a 6 foot 5 inch veteran.

Schultz is a member of the basketball team at Superior State, Moses is a quarterback on the Iowa football team and Andrews played basketball at the University of Michigan where he is now a senior.

Coach Bob Dufour has a core

Brown Appears Primed For Top Effort Sunday

CLEVELAND (AP) — Jim Brown, the Cleveland Browns' fabulous fullback, never has seemed more primed for a top effort than he is for Sunday's championship game against the Baltimore Colts.

The 228-pound line-wrecker, who won the National Football League rushing title this season for the seventh time, went over the 100-yard mark rushing in four of his last seven games. And he piled up 99 yards in the finale against the New York Giants.

"I'm pleased that I was able to finish strongly this year," said the eight-year veteran who

finished with 1,446 yards, third best in his career. "As far as ground gaining and statistics go, I've had better seasons. We won this year and that's the only thing that really counts."

Brown, plagued part of the season with an injured toe and hand, scored nine touchdowns for a career total of 105, tying him with Green Bay's Don Hutson for the all-time NFL record.

In all, he went over the 100-yard mark six times this year, his best effort coming in Dallas where he gained 188 yards. Brown's late season brilliance, plus the fact he never has been on a championship team, figure to make him extra dangerous against the Colts.

In his only championship appearance, Brown was a rookie when the Detroit Lions humbled the Browns, 59-14, in 1957. The Browns scheduled a half-hour workout today but the Colts, who arrived Friday night, planned to skip any workout today. They were to look over Municipal Stadium's field and possibly hold strategy sessions.

Celtics Defeat Pistons 118-106

NEW YORK (AP) — Sam Jones and Bill Russell spearheaded the Boston Celtics to a 118-106 National Basketball Association victory over the Detroit Pistons Friday night.

The Pistons have lost all five starts against Boston this season.

Jones scored 34 points and Russell added 21, plus 31 rebounds as the Eastern Division leaders swept to their 27th victory in 34 games. Detroit, in fourth place in the Western Division, has won 13 and lost 22.

Detroit fell 18 points behind, but rallied for a 53-53 tie just before halftime. Two baskets by Jones put Boston ahead, 58-54, at the half. John Havlicek led a last-half Celtic surge which boosted Boston's lead to 18 points. Detroit never caught up.

Rod Thorn led Detroit with 20 points. Joe Caldwell added 18 and Eddie Miles had 16. Havlicek had 27 for Boston.

The Pistons are idle today but meet the Celtics again Sunday night at Fort Wayne, Ind.

The Celtics are scheduled to play the Boston Celtics at St. Louis, New York at Baltimore and San Francisco at Los Angeles.

points in the season opener against Pembine, tallied 112 in a game against Nahma and 109 against Channing in their latest start. Their other totals were 71 and 72, giving the Redskins a 90-plus scoring average per game.

Big gun on Hill's high scoring unit is senior Ron Povolo, 5 foot 9 inch sharpshooter who has averaged 35 points per

Ralston Heads Tennis Group

NEW YORK (AP) — Dennis Ralston of Bakersfield, Calif., has replaced Chuck McKinley at the head of the United States Lawn Tennis Association men's rankings.

McKinley, from St. Ann, Mo., and San Antonio, Tex., dropped to second in the ratings released Friday. Ralston and McKinley, members of the U.S. team that lost the Davis Cup to Australia last September, were ranked No. 1 in men's doubles.

The women's division also had a new leader, Nancy Richey of Dallas. She replaced Darlene Hard, who turned professional. Miss Richey, a loser in the semifinals of the national championships at Forest Hills, N.Y., was third this past year.

Ranked second was Billie Jean Moffitt of Long Beach, Calif., who also was listed first with Mrs. Karen Hantze Sussman of San Antonio in women's doubles.

NYU may upset Illinois in basketball tonight, provided the Violets are trailing the Illini at halftime. The game, a first round clash in the Quaker City Classic at the Palestra in Philadelphia, is one of the national headlines as college basketball resumes after a two-day holiday time out.

In addition to the Quaker City, play starts in the Big Eight Holiday at Kansas City, in the WCAC at San Jose, Calif., the Far West Classic at Portland, Ore., and the Rainbow Classic at Honolulu.

Scattered intersectional games, such as Army at Utah, Tulane at Stanford and Rhode Island at Houston, also dot the program, a relatively light one compared to the usual heavy Saturday night slate. Competition picks up sharply on Monday with a deluge of holiday tournaments.

Illinois, 6-1, and ranked seventh in The Associated Press Press poll, has not lost to a Lou Rossini-coached team the three times they have met. Each time, however, the Big Ten team was behind at the half.

Second-ranked Wichita meets Pitt and unbeaten St. Joseph's, Pa., and Villanova each risk its 7-0 record in the other Quaker City first round games. St. Joseph's meets Holy Cross and Villanova takes on Pennsylvania.

Unbeaten Tennessee tries for its sixth straight against Portland in the Far West Classic after wpuurde plays Oregon. Oregon State, which hasn't lost a game in the eight years of this tournament, doesn't play until Monday against Army.

Lucas Among Cage Leaders

By The Associated Press
Jerry Lucas of the Cincinnati Royals, is in the top ten in four categories in the National Basketball Association. He's third in rebounds, fourth in foul shooting, fifth in field goal percentage and seventh in scoring.

The former All-America at Ohio State demonstrated Friday night why he is considered one of the top professional players. He scored five points in an extra period to give the Royals a 130-125 victory over the St. Louis Hawks before a Christmas night turnout of 6,411 at Cincinnati. Over-all, Lucas scored 29 points and grabbed 28 rebounds.

The Boston Celtics beat the Detroit Pistons 118-106 and the Baltimore Bullets defeated the New York Knicks 114-108 in a doubleheader that drew 17,012 to New York's Madison Square Garden. No other NBA games were scheduled.

Oscar Robertson scored 38 points and Lennie Wilkens 36 for the Hawks in the see-saw Cincinnati-St. Louis struggle. The Royals led at one point 75-65 then St. Louis 93-91 before the regulation game ended 118-118 and set the stage for Lucas in the overtime.

Cincinnati is at Philadelphia tonight with Boston at St. Louis, New York at Baltimore and San Francisco at Los Angeles.

Action To Begin Monday In Holiday Cage Tourney

outing. His individual high was 53 against Channing.

Coach Bob Kuntze's Carney Wolves ran up their unblemished pre-Christmas record against Alpha, Felch, Perkins, Pembine and Powers for a perfect Big Seven Conference mark.

Top point producer for the Wolves thus far has been Cliff Perras, a 6 foot 4 inch senior.

Coach Tom Lequia's Powers-Spalding Tigers were off and running with three straight victories to open the campaign but then slipped to lose successive starts to Channing, Hermansville and Carney for a 3-3 record going into Monday's opener against Hermansville.

Felch, Carney's opening round foe Monday night, has a potent point producer in Gary Blomquist. Channing's big man in the scoring department has been Clayton Olson.

Champion is paced by John Danielson, who was sidelined with the mumps last week, while Jim Innebrenner heads the Michigan 3s.

Michigan Eagles, who compete in the Mid-Peninsula league.

Illinois May Face Upset

Jerry Lucas of the Cincinnati Royals, is in the top ten in four categories in the National Basketball Association. He's third in rebounds, fourth in foul shooting, fifth in field goal percentage and seventh in scoring.

The former All-America at Ohio State demonstrated Friday night why he is considered one of the top professional players. He scored five points in an extra period to give the Royals a 130-125 victory over the St. Louis Hawks before a Christmas night turnout of 6,411 at Cincinnati. Over-all, Lucas scored 29 points and grabbed 28 rebounds.

The Boston Celtics beat the Detroit Pistons 118-106 and the Baltimore Bullets defeated the New York Knicks 114-108 in a doubleheader that drew 17,012 to New York's Madison Square Garden. No other NBA games were scheduled.

Oscar Robertson scored 38 points and Lennie Wilkens 36 for the Hawks in the see-saw Cincinnati-St. Louis struggle. The Royals led at one point 75-65 then St. Louis 93-91 before the regulation game ended 118-118 and set the stage for Lucas in the overtime.

Cincinnati is at Philadelphia tonight with Boston at St. Louis, New York at Baltimore and San Francisco at Los Angeles.

The Alpha team is coached by Gary Gollakner, dean of Upper Peninsula coaches, who has only junior Carl Lepisto back from his crack quint of last season.

Officials named to handle the three-night tournament games are Bob Anderson, Jerry Cvenegros and Tom McEniry of Escanaba, Dave Douglas of Iron Mountain, Bruno Maule and Gene Melchiori of Norway, Ron Melelli of Loretto, Tom Paternoster of Kingsford.

Rangers Snap Losing String

By The Associated Press
The littlest Ranger and the biggest Red Wing were the key men for New York and Detroit in important National Hockey League games Friday night.

Camille Henry, whose slight frame belies one of the NHL's deftest goal-scoring touches, put two shots past Boston netminder Ed Johnston as the Rangers snapped a seven game winless string with a 3-0 victory.

Gordie Howe, who has scored about four times as many goals in his 19-year NHL career as Henry weighs pounds, found the range twice as Detroit tied Montreal 2-2 to remain four points back of the front-running Canadiens.

Chicago still shares the runner-up spot with the Red Wings after Eric Nesterenko's late goal produced a 3-3 tie with Toronto.

Henry, a 145-pound left wing who is at his best in close, beat Johnston twice with Rod Gilbert assisting both times as the Rangers handed the Bruins their sixth loss in the last seven starts. The goals were Henry's 13th and 14th of the season.

Howe, who has scored 632 goals since coming into the league, earned Detroit its tie against Montreal with an early third period goal. Gordie found a high pass from Ed Joyal and Canadian goalie Charlie Hodge stopped his first shot but Howe poked in his own rebound.

Gordie Howe Back On Beam

MONTREAL (AP) — With Gordie Howe back on the scoring beam, the Detroit Red Wings moved into Montreal for another shot at the National Hockey League leading Canadiens tonight.

Howe scored two goals — the second at 4:06 of the final period — as the Wings salvaged a 2-2 tie with Montreal Friday night.

Howe's tying goal came on a rebound after goalie Charlie Hodge stopped his first shot.

The Canadiens disputed the tally, arguing Howe was off-side. When the debate was over, defenseman Jacques Lapierre drew a 10-minute misconduct penalty and a \$25 fine for his determined stand.

Howe's goals were his eighth and ninth of the season. The tie kept the Wings deadlocked with Chicago in second place, four points behind Montreal. The Hawks tied Toronto 3-3 at Chicago.

Claude Provost and Claude Larose tallied for Montreal. Provost's goal was his first in two weeks. Montreal held a 2-1 lead going into the third period, but the Canadiens, who have beaten Detroit only once in six games this year, could not hold the lead. Hodge made 25 saves to 31 for the Wings' Roger Crozier.

Roger Craig twice fanned three Yankees in one inning during the World Series. Bob Gibson and Mel Stottlemyre fanned three batters in one inning on one occasion.

Defensive Star Set For Action

MONTGOMERY, Ala. (AP) — Most all-star football games are high scoring affairs because they naturally attract the nation's finest offensive players, but defense will be the word in one such contest if Pat Watson has anything to say about it.

Watson, a lightning fast 6-foot-1, 212-pound linebacker from Mississippi State, knocks down offensive backs like they were bowling pins and makes pass-minded quarterbacks as nervous as new fathers.

This hard-hitting young man, who for some reason was ignored in the recent professional draft, was to head up the Gray defense team today in the annual Blue-Gray game.

Paul Davis of Mississippi State, coach of the Grays, said he was counting heavily on Watson, who starred for him for three seasons at State, to slow down the potent Blue offense.

Kickoff for the contest today was scheduled for 1 p.m., EST. The game was to be televised into six states and carried on a special radio network into 12 states.

The Yanks built their offense around talented quarterback Tom Myers of Northwestern. The 6-foot, 185-pounder gained 901 yards through the air this past season and closed out his collegiate career with 3,836 yards passing.

The South held a 15-10 edge in the series and whipped the North 21-14 last season.

SONNY LISTON, former world heavyweight boxing champion, sits in police patrol wagon after being picked up in Denver Friday. He was held for driving under the influence of alcohol. (AP Wirephoto)

North Gridders Upset South In Shriner Battle

MIAMI, Fla. (AP) — John Huarte won the battle of the quarterbacks handily, but his North team had to go through a hair-raising fight before it finally conquered the South in the most exciting game of the Shrine Christmas football series, 37-30.

Only five seconds were left when Huarte, Notre Dame's Heisman Trophy-winning quarterback, whipped a five-yard clutch pass to his teammate, Jack Snow, to break a 30-30 deadlock the South had forged with a gallant comeback just two minutes earlier.

This and a magnificent game-long performance won Huarte the vote as the outstanding North player. And he clearly outshone the two South quarterbacks, Navy's Roger Staubach and Tulsa's aerial record-breaker, Jerry Rhome.

In the winning drive, the Huarte-Snow combination, so effective for Notre Dame all season, clicked three times. The North had the ball on the South five when Snow grabbed the last one for the TD.

The South had rallied from a 30-6 deficit to tie the score at 30-30. They were helped by the special rule for the game which permits the trailing team to have the option of receiving or kicking after a touchdown.

Huarte, who emerged from obscurity to lead Notre Dame back to the football heights this season, completed 18 of 28 passes for 208 yards and two touchdowns, topping the combined throwing yardage of Staubach and Rhome.

On the South side, Bob Hayes, Florida A&M's Olympic sprinter, stole the show from the quarterbacks to be voted the outstanding player on his team. Hayes operated as a split end.

After a mild first half that ended with the North in front 7-6, the Yankees exploded for 23 points in the third period on a 25-yard sprint by Penn State's Tom Urbanik, a 20-yard pass from Huarte to Army's Carl Stichweh and a 44-yard runback by Rudy Kuechenberg of Indiana.

OUR BOARDING HOUSE with Major Hoople OUT OUR WAY

by J. R. Williams

Modern Touch In Colonial

CLASSIC SOUTHERN ELEGANCE: There are four bedrooms, two baths and a lavatory in this native design, found nowhere but on this continent, originated in the South and still highly popular when combined with modern materials and conveniences.

By ANDY LANG

A house in the true Southern Colonial style is appealing. But the modern family in search of a new home wants more than a pure American design, enchanting as it may be. The family of today demands the best in up-to-date materials and conveniences as well as a structure that is pleasing to the eye.

Architect Lester Cohen has designed a contemporary adaptation of a Colonial for the latest House of the Week. It has all the height and stateliness of the traditional model, thanks to a large front portico with a two-story colonnade. There's an extra sense of spaciousness because of twin wings that add

H-62 STATISTICS

Design H-62 has a living room, dining room, kitchen, dinette, laundry, mud room, family room, porch, lavatory and two-car garage on the first floor--with a habitable area of 1051 square feet. There are four bedrooms, two baths and plenty of closets on the second floor--with a living area of 733 square feet. The over-all dimensions, including the garage and front portico, are 74' by 31' 6". The plans call for a basement, highly desirable if additional recreation area is needed.

to the visual width. One of these wings encloses a family room, the other a two-car garage, but design similarities make both appear as portions of the home's living area.

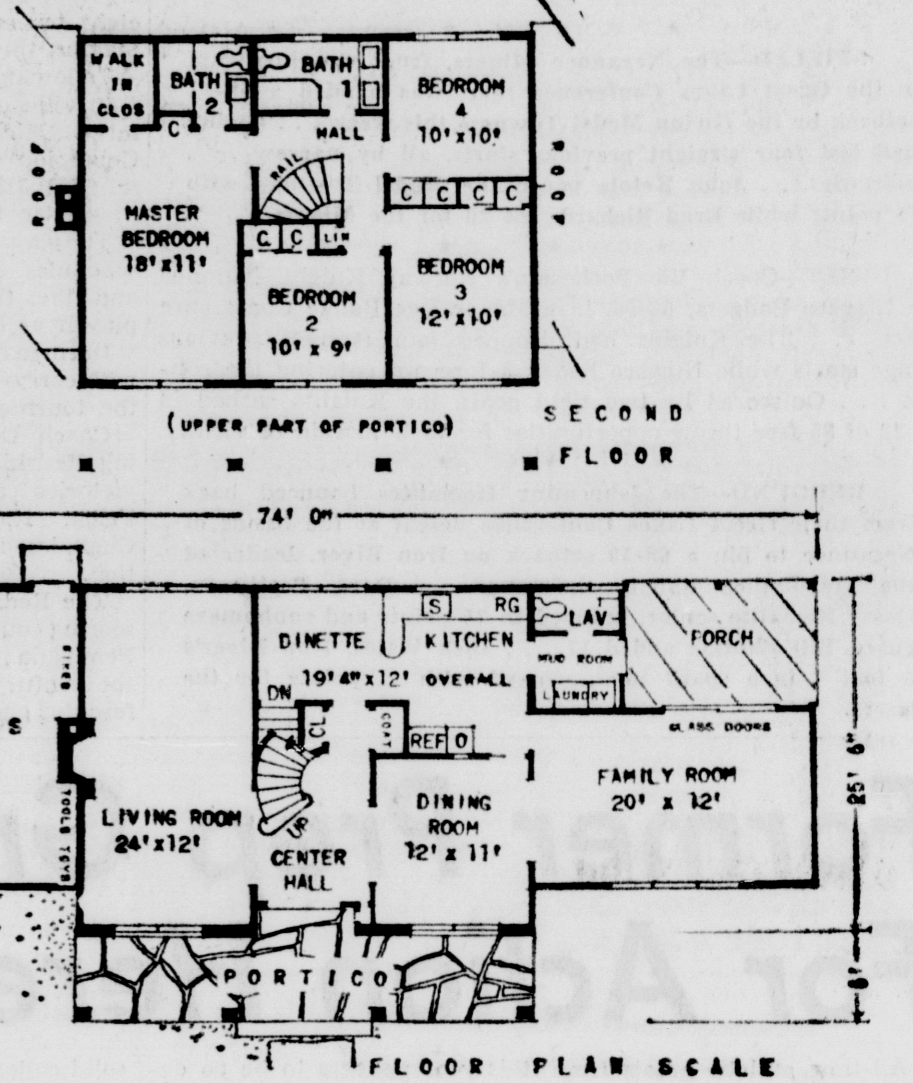

The two stories under the single, main roof include four bedrooms, two and a-half baths and a first-floor center hall entrance with an excellent traffic pattern. A fine first impression is inevitable with anyone who crosses the flagstoned portico and moves through the front door into the center hall. Directly ahead is a graceful curved staircase to the upper floor in the most elegant Colonial tradition. Stairways like this always make ceilings seem higher and rooms larger. And decorating in any style takes on new highlights. To the left of the center hall is a fireplaced living room, to the right a dining room with an unobstructed sweep across the family room. Both the living room and the dining room enjoy a porticoed view across the front lawn. Having the windows of these two rooms set back means filtered sunlight and privacy.

Modern planning at its most practical is seen in the layout of the service area at the back of the house. There is a total width of about 26', combining the dinette, kitchen, laundry, mud room and lavatory. A covered porch adds outdoor area available to the kitchen-service section as well as to the family room. If desired, the porch could be turned into an old-fashioned sun room with the addition of a glass enclosure. Sliding glass doors leads to the porch from the family room, which is as large as many living rooms, although not as large as the living room in this house.

There are four bedrooms upstairs, with one bathroom in the master bedroom and another conveniently located to the rest of the sleeping quarters. Large closets are featured in each of the four rooms, with an especially sizable one in the master bedroom. This entire floor is, as we mentioned previously, at the head of the attractive curved staircase.

Bicycles, tools and toys can be stored in the two-car garage, a rear door making this section accessible without going past the space reserved for the autos. The part of the garage facing the front has the same type of Colonial windows as the rest of the house, adding to the over-all impression of comfortable width. But Design H-62's over-all dimensions, including the garage and the front portico, are 74' by 31' 6", modest figures for a house with 1784 square feet of living area.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising

FLOOR PLANS: King-size family can be accommodated in this four-bedroom Colonial, with a well-designed service area at the rear of the house and a large family room for informality.

GRACEFUL ENTRANCE: This attractive center hall greets the visitor to Design H-62; fire-placed living room extends from front to rear; curved staircase leads to upstairs bedrooms.

Trenary

The combined Trenary-Eben Senior Luther League will meet at the First Lutheran Church in Trenary Monday, Dec. 28 at 7:30 p. m.

Mary Harris, Chicago, is visiting her parents, Mr. and Mrs. George Harrie.

GLADSTONE

U.P. Has Wood For Industries

More than 51 million board feet of timber and nearly 790,000 cords of pulpwood are available annually in Upper Peninsula to commercial users of forest products after all current uses are covered.

That is the finding of a detailed study of Upper Michigan forest resources published this week by the Soo Line Railroad. Copies of the study are being distributed within the forest-products industry by the Soo's Forest Products Development Department.

The report shows that only 77 per cent of the area's allowable annual cut of sawlog timber and 50 per cent of its allowable annual cut of pulpwood, is being harvested. Allowable annual cut is that portion of the total timber resource which can be harvested without deteriorating the basic resource.

The Soo's study, titled "Upper Michigan Forest Resources," points out to timber users that the Upper Peninsula straddles the large midwestern market for timber products. "Its expanding forest products surplus and relationship to markets makes it an ideal region to locate new forest-based industry," comments Kenneth J. Sherwood, vice president of the study.

The study details the timber available in Upper Michigan by species, by county, and by the relationship to the allowable annual cut of the amount

of timber now being harvested. The study is illustrated with maps showing forest cover in the area according to type of timber.

Data in the Soo's study is the most current available to the forest-products industry. It was collected specifically for the study through a county-by-county inventory of forest resources conducted by the Michigan Conservation Department, the U. S. Forest Service, and industrial foresters.

Further information on the forest resources of Upper Michigan and the source material for the Soo's study are available through John T. Hall, the Soo's manager of Forest Products Development, and director of the study. Single copies of the report may be obtained from the Soo for \$2.

Ice Causes 5 Minor Mishaps

Nine cars were damaged, three tickets were issued, but no persons were seriously injured in five traffic accidents investigated by State Police of the Gladstone Post over Christmas.

One of the accidents was a multiple collision on highway U.S. 2 and 41 on the Escanaba River Bridge at 7:05 p.m. yesterday.

Police said a car driven by James Rhine, 30, of K. I. Sawyer Air Force Base hit an icy spot in the northbound lane of the bridge, spun out of control into the guard rail, slid across the lanes to the median and then rebounded and stopped on the highway.

His car was struck by a vehicle driven by Clifford Olsson, 23, of Marquette, police said. Olsson told officers he was momentarily blinded by oncoming headlights and by the time he realized the Rhine car was blocking traffic he was unable to stop.

At 7:35 p.m. police said that John LaCombe, 20, of Manistiquette drove into the Olsson car. Both LaCombe and Rhine were issued tickets for violation of the basic speed law, too fast for conditions.

Kay Cartwright, 17, of Rte. 1, Gladstone, escaped injury when her car was struck in the side by a car driven by Joe Vogel, 18, of 325 N. 13th St., Escanaba, on M-35 in Escanaba Township near a Chasson Troopers said Miss Cartwright, who was ticketed for defective signals, attempted to make a left turn while Vogel was passing.

No tickets were issued when a car driven by Judy Sidbeck, 19, of Rockford, Ill., struck a parked car owned by Julie and John Parrett of Rapid River while she was backing from a private driveway in Rapid River.

Two other drivers—Leonard Terrien, 32, of Wells and William Butler, 24, of 428 S. 17th St.—escaped injury when they lost control of their cars and skidded into ditches, police said.

Terrien slid off Electric Ave. in Wells and struck a tree at 2 a.m. yesterday, while Butler lost control and drove into a ditch at the intersection of County Road 426 and Sawdust Road in Wells at 11:45 p.m. Thursday. Butler also struck a traffic sign when he attempted to get out of the ditch, police said. Neither driver was ticketed.

Saturday 3 to 4:30 and 7 to 8:30—Very Rev. Matt LaViolette, pastor.

Reorganized Church of Jesus Christ of Latter Day Saints—Church school 9:40 a.m. Morning worship, 11 a.m. Evening service 7:30 p.m. Wednesday, Midweek Prayer Service, 7:30 p.m.—Elder Russell Sarasin, pastor.

St. Paul's WELS Lutheran Sunday School, 10 a.m. Worship Service, 9 a.m.—Rev. Theophil Hoffmann, pastor.

1. Card of Thanks

Sanville Jr.

It is with deep gratitude that we wish to express our sincere thanks to the many relatives, friends and neighbors for their many kindnesses during our recent bereavement. Just one month ago today we lost our beloved husband, father, son and brother, Archie Sanville Jr. A special thanks to the sisters and nurses of St. Francis, also for the comforting words of the Reverend Mr. Wolf and Mr. Fox. May God bless you all in the coming New Year.

The Family Of
Archie Sanville Jr.

Brannstrom

I wish to thank all my friends and relatives who sent me such beautiful cards and other gifts and those who visited me while I was a patient in the hospital. These kind deeds were deeply appreciated.

Mrs. Hugo Brannstrom
Rapid River

3. Announcements
